## Press release

### transport logistic Americas & air cargo forum

## Registration running at full speed

- 212 exhibitors from 29 countries fill the spaces
- Visitor pre-registration exceeds forecast
- App for appointments available soon

**Ribbon cutting is on November 8, 2022, when TIACA and Messe München jointly open transport logistic Americas including TIACA air cargo forum Miami in Florida. For three days, the Miami Beach Convention Center with trade show and conference will be an international hub for supply chain topics. 212 companies and organizations from 29 countries will exhibit. A total of 5,000 visitors are expected. Trade show app for appointments is about to be launched.**

The hall space, which has already been expanded by 15 percent to almost 11,000 m<sup>2</sup>, is completely occupied with 212 exhibitors ranging from top 10 global players to startups, with the exception of a few remaining spaces. The range of products in eleven categories covers infrastructure, logistics services, logistics-related services, IT and digitalization. The organizers expect 5,000 visitors. 35 percent of them have registered so far. Trade show participation including the conference are free of charge for visitors.

Robert Schönberger, Head of transport logistic exhibitions at Messe München, expects an exponential increase in booking numbers from now on: "The list of participants is very international so far. The level is two-thirds C-level and upper management. About three weeks before the start of the fair, we are more than satisfied with the quality and quantity of pre-registrations. As of now, we are expecting registrations mainly from the Florida and Central America business region."

The conference program, with 90 speakers and 22 sessions, ranges from C-level eagle perspectives to operational aspects. The focus is on cross-modal issues along the entire supply chain. A CEO Roundtable with Tim Strauss (Amerijet International), Gabriel Oliva (Avianca Cargo) Tobias König (CEO, Rhenus Air & Ocean), Audrone Keinyte (Bluebird Nordic) and Adrien Thominet, (CEO, ECS Group) will kick things off on Tuesday.

## Press Release | October 18, 2022 | 2/2

The program will conclude on Thursday with a career day for professionals and young professionals.

TIACA Chairman Steven Polmans: "Our conference program is leading the way on topics such as digitalization, sustainability and innovation. It shows the future of the logistics industry. More and more, integrative supply chain solutions are replacing silo thinking at the mode level. This opens up opportunities for the industry and is exciting for specialists and young professionals."

### transport logistic exhibitions

The international industry network of transport logistic exhibitions consists of ten events. In addition to the leading international trade fair transport logistic in Munich, transport logistic China takes place every two years in China, and the transport logistic China Forum alternates with it every year, both in Shanghai. In Turkey, Messe München and EKO Fair Limited organize the logitrans International Transport Logistics Exhibition in Istanbul every year. Together with TIACA, Messe München is organizing air cargo forum Miami & transport logistic Americas, which will be held every

two years in Florida starting in November 2022. From September 2023, transport logistic Southeast Asia will also be held in Singapore for the first time. At all trade fairs, the air cargo sector plays an

essential role. As part of transport logistic in Munich, air cargo Europe is the world's largest air cargo trade fair, while air cargo China is the leading event in Asia. In addition, air cargo India and air cargo Africa are independent trade fairs. Also part of the transport logistic exhibitions is the cooperative transport logistic India @ CTL in Mumbai, India.

### Messe München

Messe München is one of the leading exhibition organizers worldwide with more than 50 of its own trade shows for capital goods, consumer goods and new technologies. Every year, a total of over 50,000 exhibitors and around three million visitors take part in more than 200 events at the exhibition center in Munich, at the ICM – Internationales Congress Center München, the Conference Center Nord and the MOC Veranstaltungszentrum München as well as abroad. Together with its subsidiary companies, Messe München organizes trade shows in China, India, Brazil, South Africa and Turkey. With a network of associated companies in Europe, Asia, Africa, and South America, and with around 70 representatives abroad for more than 100 countries, Messe München has a truly global presence.

### TIACA

TIACA is The International Air Cargo Association, based in Miami, Florida. TIACA is the unique international not-for-profit association representing and uniting all parts of the air cargo industry: shippers, forwarders, ground handlers, airports, airlines, manufacturers, IT providers. TIACA members are traditional players and new entrants, small, medium, and large companies with regional and global reach.

TIACA's vision is a safe, profitable and united air cargo industry that embraces modern technologies and practices to sustainably and fairly serve trade and social development worldwide. TIACA's mission is to support, lead and unite the industry to achieve that vision; promote and encourage business, social, and technological innovation; protect the interests of its members with one voice on common interests; disseminate and enhance knowledge amongst members and the air cargo industry.
